Respected Authority,

I am Ms. Jui Kamble, the Head of Product from The Innovation Story (TIS). We are a cutting-edge EdTech company with collaborations to stellar companies like Amazon, Google, Capgemini, Fluid Robotics, and colleges like Stanford, MIT, Technology Innovation Hub of IIT-Delhi, ArtPark of IISc-Bangalore to mention a few.

We are looking to expand our team by hiring talent from your esteemed institution.

Following are the details about the job opening –

Role – ROBOTICS RESEARCH AND MENTOR @ TIS

Nature – Internship or Full-time; Internship with PPO opportunity available for stellar candidates

Description –

You will research and develop project level robots to industrial level robots. Along with research and development, you will also get a chance to interact with and empower students to embrace innovation and curiosity. You will work in the research team and in collaboration with the curriculum development team to help pave a path towards an innovative and collaborative future.

A day in your life as an intern at The Innovation Story may include - working on creating robots and kits, working and mentoring students to create robots for FIRST International Robotics Challenge (Highly recommend watching the FIRST video to understand the kind of robots you will be working on and the global exposure you will get while working on the same.), whiteboarding and brainstorming on different robot designs and manufacturing them to test.

This position works in The Innovation Story's Office in Mumbai.

Background of the applicants -

B. Tech - Mechanical Engineering, Computer Engineering, Electrical Engineering, Electronics Engineering, Electronics & Telecommunication Engineering

Preferred - Experience in Robotics, Robocon, E-yantra, and other related experiences.

Compensation package range for internship – INR 10,000 to INR 15,000 per month (for internship); INR 5,00,000 to INR 7,00,000 per annum (for Full-time)

Please create a google sheet of the interested candidates and mail it to us on this email thread. It would be great if the applicants' CV are also attached in the sheet.

Looking forward to hearing from you.

Stay healthy and safe.

Best,

Jui Kamble

Head, Product

The Innovation Story
