

Who are we?

Marwadi Shares and Finance Ltd.(MSFL) is one of India's largest and a leading provider of financial services. Established in 1992, our broking arm has over 4,100,00 active customers. Since inception, MSFL has spread its tentacles across Broking, Distribution, Depository, Research, and Proprietary Trading. We deal in all major asset classes such as Commodities, Equities, and Currency and trade across multiple geographies.

MSFL's operations are spearheaded from a state-of-the-art office of 90,000 square feet located in the prime location of Rajkot, Gujarat. Embedding the latest technology across our operations to ensure seamless, secure and uninterrupted trading, customizing our solutions to meet the needs of our traders, and investors.

Why MSFL?

Our corporate culture has been shaped in a manner that the environment is highly conducive for an inclusive and accelerating growth for all employees. We believe in nurturing fresh minds and providing an environment that gives them the roots of responsibility along with the wings of freedom to help them realize the potential within them. This core philosophy has added tremendous value to all those who work with us and has helped especially the freshers to grow from being guided, to leading those who come after.

Hence, we are an organization of choice when it comes to an excellent trajectory of personal and professional growth and well-being

The Opportunity

We are looking for passionate individuals for the role of 'Options Trader' to work at our prop-trading desk in Mumbai.

About 90% turnover of the National Stock Exchange (NSE) comes from the Options Segment alone. The ever increasing participation of both, domestic, and foreign players in the market is proof of the immense possibilities of wealth generation that lie in the derivatives market. At our proprietary trading desks across India, we have top-notch options who are skilled at consistently generating exceptional returns from the options market on a humongous capital.

If you are someone who has a knack for financial markets, we got the perfect opportunity for you. MSFL has meticulously designed a training program for freshers such as yourself. This opportunity involves intense training offered by our most seasoned traders. During the training period, you will be handheld and taken on a journey to understanding the options market and using delta-neutral strategies to generate consistent returns. You will be familiarized with Options Greeks such as Delta, Gamma, Theta, and Vega. After the training period, you will be given a trading terminal of your own on which you will trade on the company's corpus.

MSFL offers one of the best compensation structures in the industry with uncapped incentives, and along with it, an unparalleled platform to flourish.

We invite you to propose your candidature for the role of an Options trader, learn from the mammoths of the industry and kick start your journey to a successful career right from your first job.. In case of any further queries, feel free to hit us up on the contact details mentioned below.
