

Business Technology Solutions Associate at ZS

ZS is a professional services firm that works side by side with companies to help develop and deliver products that drive customer value and company results. From R&D to portfolio strategy, customer insights, marketing and sales strategy, operations and technology, we leverage our deep industry expertise and leading-edge analytics to create solutions that work in the real world. Our most asset is our people—a fact that's reflected in our values-driven organization in which new perspectives are integral and new ideas are celebrated. ZSers are passionately committed to helping companies and their customers thrive in industries ranging from healthcare and life sciences, to high-tech, financial services, travel and transportation, and beyond.

ZS's India Capability & Expertise Center (CEC) houses more than 60% of ZS people across three offices in New Delhi, Pune and Bengaluru. Our teams work with colleagues across North America, Europe and East Asia to create and deliver real world solutions to the clients who drive our business. The CEC maintains standards of analytical, operational and technological excellence across our capability groups. Together, our collective knowledge enables each ZS team to deliver superior results to our clients.

ZS's Digital & Technology group helps companies define and execute their technology strategy by designing, building and operating their business intelligence (BI), cloud, data management, dashboard and analytics capabilities. Team members strategize, design and build custom IT solutions to improve our clients' commercial effectiveness.

ZS's Business Technology Solutions team is responsible to lead end to end responsibility of project across all phases i.e. discovery, requirements gathering, design, implementation, testing and operations.
