

Scientific Writer

The opportunity:

If you are looking for challenging and rewarding work which combines your understanding of medical science and aptitude for writing into one unique job, the Scientific Writer role is for you.

This is an opportunity to grow your career and make a greater impact on the lives around you.

Roles & Responsibilities:

As a Scientific Writer, you will:

- Use scientific expertise to develop high-quality, publication-ready scientific documents (manuscripts, posters, abstracts, slide kits, short communications, etc.) according to client needs under the expert guidance of the Scientific Team Lead.
- Act as a document specialist, provide intellectual input across document types, and contribute to making cutting-edge research accessible to specific audiences as appropriate, by maintaining current awareness of developments across therapeutic areas or disciplines.
- Work with international pharmaceutical clients and liaise with internal and external stakeholders including authors and key opinion leaders on critical therapeutic area issues.
- Effectively and proactively communicate with team members, authors/faculty, clients and vendors.
- Attend workshops/seminars/trainings to hone your skills and contribute to organizational objectives.

What's in it for you?

1. **Global exposure:** We work with the top 10 Pharmaceutical companies across the globe. So you can be assured that you get the best experience in terms of the profile you handle.
2. **Culture & Team:** We never stop recruiting the best people because without an amazing team nothing is possible. People at CACTUS are awesome to work with, driven, smart and know how to get things done like nobody else.
3. **Learn & Grow:** Our goal is to keep you as long possible and help you build a career with

us. We do this by creating an environment where you will grow both personally and professionally.

4. **Satisfaction & Recognition:** With some of the biggest names across the globe as existing clients, doors will open and conversations will flow. You will see the results of your efforts translate into maximum impact. With a competitive salary and our recognition programmes, you will be rewarded for your success.

About us:

Cactus Communications is a technology company accelerating scientific advancement. We collaborate with researchers, universities, publishers, academic societies, and life science organizations. We offer editorial, translation, education, and training solutions for researchers; strategic and tactical scientific content solutions to global life science organizations; AI-powered scholarly publishing solutions for journals and researchers; and solutions for science dissemination and engagement with peers, public, and policymakers for wider research outreach. We also incubate seed and early-stage startups that share our mission to solve global

problems with science and technology solutions.

We have offices in London, Princeton, Singapore, Beijing, Shanghai, Tokyo, Seoul, Aarhus, and Mumbai; a global workforce of over 3,000 experts; and customers from over 190 countries.

Know about our Culture:

The CACTUS culture is the glue that binds us together as we work towards the same shared goal.

We are “One CACTUS”. You are a Cactizen regardless of where you work.

We take pride in our diversity, respect each other, and call out bias whenever we see it. We focus on outcomes rather than formalities. Everyone is on first-name basis.

We are selective and hire only those who share our vision and values

CACTUS has always been driven by its culture. It sets us apart and attracts people who want to maximize their potential at work and in life. It describes our unique work practices in three aspects: People & Life, Performance & Career, and Business & Leadership.
