

Dear Sir,

It was a pleasure speaking with you today. As discussed, I am Nirav Nimish Shah, co-founder of UltraGenius Tech Pvt. Ltd. I am reaching out to you to collaborate for the following job opportunities in technical & non-technical roles we have in our company. Kindly let us know how we can take this forward.

About UltraGenius

UltraGenius is a web3 talent marketplace that helps companies from all around the world find, assess & hire top remote developers quickly. We are building the future of work that is remote, boundaryless, and fair.

Founders are serial entrepreneurs Shailesh Jain (Co-founder - Mirraw - Rs. 140cr revenue. Alumni of VMware, Carnegie Mellon University, VJTI, KC College) and Nirav Shah (Co-founder - LetsAlign, Alumni of UBS, Columbia University, DJ Sanghvi, KC College).

We are working on UltraGenius as it has a great impact in increasing the earnings of deserving developers by 2-3x by connecting them with top opportunities globally.

Clients on our platform get unparalleled access to some of the top developers using fast algorithmic matching and significantly save time & cost.

We are working with Polygon, Aragon, IBM, Hydro Labs, Ethernity, Exodus, Non-Fungible Labs, Noumena Partners, Assert.ai, Haptik, and many more fast-growing companies globally to help them build the best teams quickly.

We are scaling our team and looking for smart, passionate, and talented folks to join us to build one of the best companies in the world.

We have multiple openings in Human Resources, Operations, Sales, Business Development, Marketing & Technology.

We are currently recruiting freshers as well as experienced candidates for internships as well as full-time roles.
