OF LIVES YOU TOUCH**

If you wish to
#WorkWonders
here's the perfect opportunity!

» Technology that's indigenous and completely in-house

We build our own stack that includes developing our own application development language (TDL) by writing parsers, language interpreters, etc.; and includes our own database engine which is object-oriented, transactional database.

» Never resting on our laurels

We are developing our own cloud stack by building every single component above the OS layer, which includes our implementation of homegrown security protocol that is lighter and faster than SSL, yet provides the same security level. With this stack and our client platform, we are building a business network that enables small and medium enterprises to collaborate seamlessly.

» Our Strength is Our People!

Tally has been recognized as **'Kincentric Best Employer India'** for the second consecutive year and is a part of an elite group of 15 best organizations to work for across India. We have always stood firm on our value **'Our Strength is our People'** and this recognition is a testament to it.

» Talking Number

- ✓ **80% market** share in India
- ✓ Activated over **2 million licenses** worldwide
- ✓ Operated by more than **7 million users** across the globe
- ✓ Market presence in more than **100 countries**
- ✓ Supported by a vast network of **28,000+ partners**
- ✓ Highly talented and motivated team of more than **900 TallyWalas**
- ✓ One of the **largest indirect employers** in India

» How do you fit in?

The challenges for you are manifold. If you are somebody who's excited to work in an environment which is driven by quality than mere timelines, this is the right place for you.
