Hello Sir,

As discussed during last week, I would like to add few things –

Being apprentice they would be trained in basic skill and day today functioning of process for respective department.

However they will get consolidated stipend of 15k per month, plus limited bus facility and canteen meal voucher.

On successful completion of training, good performers may be considered for a permanent role subject to availability of a suitable position.

Kindly note that, they would be registered under Apprentice Act 1961.

Since this an urgent requirement immediate response will be appreciated. Male and female both candidates are eligible to apply.

If your 8 to 10 students are interested in apprenticeship program then we are also ready to conduct campus interview.

For any query kindly feel free to contact on 98195080865

Kindly share your contact numbers as nobody is receiving the calls on following numbers –

Tel: 42335000/42335001
